

Engineer Curlers Raise \$1,200 for Charity

At the 6th Annual Rock and Ring Curling Bonspiel, organized by the Professional Engineers Curling League on January 25th 2003, the real winners are the charities. For the second year in a row, the one-day "fun-spiel" raised \$1200 for the charities as designated by the first and second place teams.

This years Scotia McLeod Champions, "The Hamilton Engineering Week Committee" of Gary Moore, Ron Scheckenberger, Raul Cripps and Frank Lasowski designated the "St Peters Hospital Foundation" to receive \$800.

The winners of the "The Personal Insurance Company Runners Up Trophy", John Amos, Kim Macdonald and Bruce Kemp designated "The Children's Wish Foundation" to receive \$400.

The OSPE "Top Corporate Team" trophy was won by a team representing Morrison Hershfield of Jeff Price, Loui Pappas, Jody Ali, Jeff St. Aubin and Llew Bardecki.

Team Sponsors, Sim and McBurney, Morrison Hershfield, Jacques Whitford, Cimco Refrigeration and Enseicom Signs helped the 14 teams enjoy a fine day and a generous prize table.

The Professional Engineers Curling League curls from October to April on Tuesday nights at Avonlea Curling Club, and Wednesday nights at Dixie Curling Club. Curlers of all abilities are welcomed and instruction is provided for beginners.

For more information on participating in the 2004 Rock and Ring, in sponsoring a team or in joining the Professional Engineers Curling League, please contact Daryn Thompson at 905-286-0054 or visit the League website at <http://sites.inthehack.com/peocurl>.
